

ALIEN INNOVATIONS is an Organization focused on tackling real-life challenges encountered by visually impaired individuals. Our commitment lies in enhancing visually impaired community life by harnessing innovative technologies. We strive to foster independence and create solutions that prioritize comfort and self-reliance

Vision

Our vision is to **empower visually impaired individuals**

Integrating Visually impaired fully into society and opening up new opportunities and enhancing their safety and confidence, enabling self reliance, and fostering a sense of belonging.

Mission

Addressing the challenges faced by **Visually impaired**

We are addressing the challenges faced by visually impaired individuals by fostering independence in their lives. We are eliminating their reliance on others for everyday tasks, empowering them to lead safer and more normal lives.

Allies

WORLD'S FIRST COMPACT DEVICE

Empowering visually impaired
enhancing mobility

NAVINAUT is a torch type assistive device for the visually impaired people to make them walk obstacles free without the use of the stick. The device makes them not hit any obstacles and walk safely. NAVINAUT, with its impressive 45-day battery backup, promotes user adaptability, offering a straightforward and reliable solution for enhanced navigation and mobility for the visually impaired.

Torch Type Compact
Design

Accommodated with
Advance sensor

Handy Device

100+ days Battery
Backup

NAVINAUT helps them walk obstacles free by detecting the obstacles in advance. While walking the device detects the obstacles in advance and vibrates to alert them. The design of the device gives them the feasibility to carry it easily and use it in multi directions to detect the obstacles and walk.
